

## The best of romantic Slovakia

There're still places in the world where it's like entering a fairy tale that you remember from your childhood.... A tale of contrasts, of riches and of poverty, of excitement and modest pleasure ... The poverty, modesty and skilled craftsmanship of these places have always been their real wealth, historically and today. **Frame houses, wooden rafts, evocative folklore and noble architecture, old castles and ruins, silent valleys, majestic mountains, beautiful natural scenery ...**

Come with us to the magic world of Slovakia, where we will set out to visit and explore: **the picturesque valley of the Váh River, the Carpathians, the Fatra and Tatra Mountains, national parks, the historical city and old castles of Trenčín or Bojnice and Strečno as well as Pribylina,** a village that has the status of a village cultural reserve and is protected by **UNESCO**, a typical **sheep shed and a typical food...** Depending on the weather, we will either take a **raft trip on the Váh River** and pass through the **HighTatra mountains** and visit the famous **Demänov Ice Cave**, in fact an biggest underground system of caves ....

**It's romantic world full of small adventures....**
